**Patent Publications**

43. US20040234030 "Method and apparatus for x-ray analysis"
44. US20040131152 "Apparatus and method for determining a parameter of a sample"
45. S7372941 "System and method for matching diffraction patterns"
46. EP1678484 "Method for Monte Carlo Indexing of Powder Diffraction data"
47. US20070270397 "Method for Indexing Crystalline Solid Forms"
48. WO2005082050 "Analysis and screening of solid forms using the atomic pair distribution function"
49. US20070243620 "Analysis and screening of solid forms using the atomic pair distribution function"
50. WO2004013622 "Method of comparing x-ray diffraction patterns using the fundamental parameters method"
51. EP06252404.6 "Assay for Lanthanum hydroxyl Carbonate"
52. US20070259052 "Assay for Lanthanum hydroxyl Carbonate"
53. WO2007038398"Methods of characterizing compositions"
54. US20070110214 "Methods of Characterizing Compositions"
