

Job Description

Sr. Analytical Scientist

Triclinic Labs, Inc.

Location: Lafayette, IN

Position: Full Time

About Triclinic Labs:

Our goal is to provide the most advanced laboratory and consulting services for solid-state chemical development and materials analysis. We provide contract development and analysis services for the pharmaceutical and specialty chemicals industries but have also analyzed and studied counterfeit items, minerals, semiconductors, and other unique substances. Over the last 15 years we've helped the world's chemical development groups understand, discover, improve, and protect solid-state materials.
